

Nevada Department of Taxation  
January 26, 2009

---

## No Nevada Income Tax

---

The Nevada Department of Taxation receives an enormous number of inquiries regarding issues relating to **Federal** Income tax. The State of Nevada does not participate in the administration of Federal Income Tax nor does it levy a *State* personal, business or corporate income tax. The Nevada Department of Taxation does not require informational copies of Nevada residents' Federal Income Tax forms. Federal Income Tax inquiries should be directed to the official IRS website at [www.irs.gov](http://www.irs.gov).
